

Graphic Designer and UI/UX Engineer

Description

We are hiring graphic designers with hands-on experience working on Adobe Illustrator, Photoshop, XD, Aftereffects, Figma, HTML, CSS, and the Bootstrap front-end framework for UI and UX development.

The ideal candidate should be creative enough to deliver quality work with agility.

They will think creatively and develop new design concepts, be they graphics and layouts for websites, mobile apps, corporate branding, and print material as per the client's satisfaction. The candidate will be up-to-date with the latest industry trends.
